FEDERAL

ELECTION LAWS.

We alluded in a general way yesterday to the reckless misrepresenby Governor Harris in his opera house speech on Wednesday. He left the impression on his audience that the supervisors of election and the deputy marshals were all to be appointed from the party in power and that they might be taken from anywhere, that it isn't necessary that they should be selected from the locality in which they are to operate. We give below the substance of the law in regard to elections, to be found in the revised statutes of the United States.

Section 2011 provides that in cities of upwards of 20,000 inhabitants, two cities thereof may apply to the judge of the circuit court of the United States for supervisors. Or, ten citizens of good standing in any congressional district, may make the application and the judge must open his court at least ten days before the election.

In section 2012, it is provided, that the court, when so opened, appoints and commissions, "two citi-

OR OF THE FLECTION DISTRICT, Who shall be of DIFFERENT POLITICAL PAR-TIES and able to read and write the English language, who shall be known as supervisors of election."

Sections 2017 and 2018 provides that the supervisors shall attend at the registration of voters and at elections, and it is made their duty to personally scrutinize and count each ballot.

Now, who that heard Senator Harris on Wednesday will deny that he misrepresented these sections of the revised statutes? He said nothing of the fact that the supervisors of each voting place are to be of different political parties. He even left the impression, if he did not say so in terms, that they might be non-residents who know nothing of the people who vote where they are expected to supervise elections.

And his misrepresentations in re. gard to the duties and powers of deputy marshals were just as glar. ing as those in regard to supervisors. Section 2021 of the revised statutes provides that special deputy marshals can only be appointed in cities of upwards of 20,000 inhabitants on application of two citizens residing in said cities.

By the provisions of section 2022, they may arrest, without process, any person who shall prevent or attempt to prevent, the supervisors from performing their duties, or who shall commit a breach of the peace, or attempt to vote or register fraudulent ly in the presence of the marshals or supervisors, but such arrested persons must be FORTHWITH carried before a commissioner or judge or court of the United States for examination. (See section 2023.)

Section 2031 provides that no compensation shall be allowed to any supervisors but those acting in cities of upwards of 20,000 inhabi-

Senator Harris said nothing of the fact that marshals are required to take the persons arrested immediately before a commissioner or judge of the United States court for examination, but represented that such persons might be taken at once to jail. Now if some cross roads politician had indulged in such extravagant misrepresentations of a plain statute as this, we should not have been surprised. But Senator Harris is a veteran politician. He has long been looked upon as the equal of any man in the state as an able and effective stump speaker. His experience in public affairs and his great ability ought to enable him to present his cause in a legitimate way. When he fails to do so, we naturally conclude that his cause is weak.

We take his gross misrepresentation of the federal election laws as an acknowledgement that he is engaged in bolstering up a bad cause, but nothing can justify a man of Senator Harris' ability and informaion in practicing a deception upon so intelligent an audience as that which listened to him here. If he were in his dotage we might account for his unaccountable speech here, but he is not. He shows no sign of an impaired intellect, and the only excuse that can be made for him is that he is so blinded by political prejudice that he can not fairly discuss political questions.

THE latest intelligence from Indiana and Ohio is that bummers, roughs and repenters are being shipped into those states from the eastern cities by the hundreds. The notorious Bill McMullen, of Philadelphia, is with them and will direct their operations. The Boss Tweed method of carrying elections has been adopted by Seven-Mule Barnum, and it is by this that Ohio and Indiana is expected to be carried for the democratic ticket. But the retation of the Federal election laws publicans are on the alert and will defeat the repenters. We do not believe the "boys in blue" will be intimidated or defrauded by any such a scurvy gang.

ELSEWHERE we publish a list of appointments for Hon. Horace Maynard in this state. We bespeak for him, and it is hardly necessary that we should, large audiences wherever he goes. Nothing that we might say would add to the high estimation in which he is held by the people of Tennessee. As a public speaker he is the peer of almost any man on the continent. Besides his ability as a speaker he is known for his probity of character, his purity of life and his incorruptability as a man. The people will turn out en masseto hear him wherever he speaks.
